

## BOBBY VEAL

**TAJ** Frozen Food Exports was established in the year 2005 and has since then, made a strong presence in the Veal Meat processing sector. We are an acclaimed manufacturer, exporter and supplier of frozen buffalo and veal meat that include Silver Side, Rump Steak, Blade, Cube Roll, Chuck Tender, Cube Roll, FQ Roll, FQ Bulk, Veal Leg, Bobby Veal, Trimmings, Veal Mince, etc.

We procure best quality buffalo and veal carcasses and process them as per international market standards. Our association with the Agricultural and processed Food Products Export Development Authority (APEDA) and Hazard Analysis and Critical Control Points (HACCP) is an indicator of our quality oriented approach.

We strive for long-term business associations and always work in sync with our customers' needs and expectations. Our motto is to provide high quality processed meat to our customers by following the traditional Halal Method (slaughtered according to Islamic law) in which the meat is hygienically separated.

We persistently endeavor to incorporate the latest developments and innovations in the sphere of processing, freezing, packaging and quality management. With our deep industry expertise and market knowledge, we have been consistently performing in terms of quality products and services to our worldwide clients.

### What is Veal?

Veal is the meat from a calf or young beef animal. A veal calf is raised until about 16 to 18 weeks of age, weighing up to 450 pounds. Male dairy calves are used in the veal industry. Dairy cows must give birth to continue producing milk, but male dairy calves are of little or no value to the dairy farmer. A small percentage are raised to maturity and used for breeding.

### How is Veal Inspected?

All veal in retail stores is either USDA inspected for wholesomeness or inspected by State systems which have standards equal to the Federal government. Each calf and its internal organs are inspected for signs of disease. These inspections insure the veal is safe, wholesome, and correctly labeled and packaged.

Note : - Rate of the products Mention in the Website will be verified by day to day fluctuation in the Indian Agro Market Actual Rate of the Products will be provide at the time of final Confirmation of Order

## Primary Competitive Advantages Veal and Mushroom Stew

- \* Hygienically processed meat
- \* Naturally preserved meat
